

Hayden & Associates is happy to announce that starting July 1st, we will be partnering up with Harry Chapin Food Bank and starting a year round Food and Supply drive within our communities. As a community management company, we understand and respect the fact that people are in need of help 24/7, and not just special times of the year. Being the first property management company to sponsor a year round food & supply drive, we are rallying our communities to help make a difference in many lives.

We are challenging our communities to help out with any donations they can offer. We will be placing drop off bins in a common, indoor area of the communities for people to drop off donations at their convenience. Please keep in mind all donations must be non-perishable items. We will pick up donations regularly. We will be able to weigh each community's donations to determine which community is leading the charge to help. Communities will challenge each other for the most food/supplies, by weight, per capita. So, the larger communities do not have an advantage over the smaller ones. We will do two final weigh-ins throughout the year. Hayden & Associates will honor the community with the most donations per term with a Visa Gift Card that will be used towards the community.

We will be dividing the year into 6 different themes (1 theme per 2 months).

•**July & August: School Supplies**

-Pencils, Pens, Markers, Crayons, Notebooks, Notebook Paper, Binders, Index Cards, Disinfecting Wipes
